THE EXPERIENCE

A team day with a difference

Sessions run for 1.5 to 2 hours and no experience is needed, so everyone starts on a level playing field. Our tutors are on hand to lead and assist throughout, from the first squeeze to finished piece.

CHOOSE YOUR EXPERIENCE

1

Pottery handbuilding

Shape your own pieces by hand with pinch, coil and slab techniques. Perfect for groups who want to chat, laugh and create at the same time.

2

Throwing on the wheel

Have a go on the potter's wheel for something a little more adventurous. Expect plenty of giggles as everyone gets to grips with the clay.

3

Bespoke

We can come to you and tailor an event just for you and your guests.

Great for groups who want to stay in their accommodation.

SET THE TONE

Light-hearted or meaningful, it's your call.

Keep it fun and relaxed with competitions and prizes for the best and the worst pot. Or slow things down with focused making and brand value exploration.
You choose the mood, we'll make it happen.

"The best way to end our team building day- fabulous fun!"
